Processing timeframes and associated pricing are determined by the number of days allowed for processing after CIBT's receipt of completed application materials and are calculated on a per item basis. Please note that rush and emergency processing may not be available for all services offered by CIBT. Processing times are ultimately determined by the issuing authority.

Orders cancelled prior to submission to government office will be assessed standard processing fees. A minimal handling fee will be assessed on all return shipments arranged by CIBT on a recipient or third-party account. CIBT assesses a minimal processing fee on government fees only. Government fees are determined by the foreign government issuing the visa and are subject to change beyond the control of CIBT.

A list of CIBT prices is included in the instructions obtained through the CIBT website or may be accessed via a link under the Service Directory of the CIBT website. Pricing is subject to change over time. Click [here](#) to see detailed rates.
